The frame *#4* frame *#4* roll ball 1 and knock down 5 pins on the ball 1 = 5 on his second ball to the ball *#1* that knock down the rest of pins ball2 = 5 (all pins knocked down - 2 spare balls) you can't total frame 4 yet because you need the value of your next ³ next ball on the ball ³ next frame *#5* Say in frame *#5* that roll the ball and knock down 8 pins on the first roll. (i.e. the first rodÃ ball). The pins are numbered from 1 to 10 and are in tri-angle form.
Ã But how, exactly, does the National Football League (NFL) land ³ these cheerleaders? By league ³, the NFL covers all costs related to the production ³ the part-time show and the league pays for the entertainer

Ãc but Ã se Ã. Every February, millions of viewers tune into the high-profile show, waiting for all the bells and whistles of a compressed stadium concert in 15 minutes. A frame is an opportunity for the bowler to try to knock down the 10 pins with up to 2 chances (2 rolls of a bowling ball) per frame. Say you have the following scores
frame *#1* = 8 (rodÃ two balls but only derribÃ 8 pins)
frame *#2* = X (strike!)
DerribÃ all 10 pins with the first ball)
frame *#3* (ball 1) = 7 pins downed and ball 2 = (only 1 pin mAAs downed)
Su = = 8 + 1 + 7 + 01 = n³Aicautnup 1# ocram +)2alob(3ocram +)1alob(3ocram + 01 = 2# ocram le arap n³Aicautnup uS 8 = 1# ocram le arap (This is the score ³ you note in Frame *#2* box)
Your score for Frame 3 is simply math or frame 2 + Frame 3 = 34 (the score ³ written in Frame *#3*)
Remember that you cannot calculate frame 2 Score until you have released two more balls (in Frame 3)! Try this on the calculator and see the scores appear.
Ball 1 in frame *# 5* = 8 Now we can determine the score of Frame *# 4S*. The score ³ a strike (x) is when the bowler knocks down at 10 pins on the first try. Everything was decided by a panel, which is led by the NFL's director of entertainment ³ programming and television³ along with the League's producer and the show's producer and director. Try to knock these pockets down with the bowling ball. They also have to work on their speed, as the performance of half-time must be delivered in less than 15 minutes. Just throw up to 3 balls in the 10th frame. Now frame *#4*
Score ³ n = 10 + Frame 5 (Ball value 1) + Total score ³ in frame *#3* = 10 + 8 + 34 = 52
Continuing on your second ball in frame *#5* and you knock down 1 PIN mAoes. (If these balls are strikes too, they only count as 10 each. About 100 million viewers watch the Super Bowl and the halftime Show each year, which opens the door for artists to acquire more sales and fans overnight.
